

5-14 National Test passes at expected levels among group A school pupils and all pupils in Scotland in 2000-04: year groups P6,P7 and S1

In this table National Test figures for total 'all pupil' year groups in Scotland are compared with figures for equivalent year groups of Group A deaf children. Pupils in 'SEN' provision are excluded from both sets of figures. Pupils in schools for deaf children are excluded from 'all pupils' figures, but are included in 'deaf pupils' figures.

Three consecutive year groups have been chosen, comprising the top two years in primary school (P6 and P7) and the first year of secondary school (S1). The table shows the percentage of pupils who have achieved the expected level for their year group.

Note that the questionnaire return rates are slightly less in 2003/04; this should be taken into account in relation to any downward trends in year four.

P6 pupils attaining Level C or above
